

Earth Day Project 2010

Saturday, April 24th 2010
8:30AM - 4:00PM

Come lend a hand (or two) with the folks from Scouting 192 as we work towards making Springfield a little bit nicer place to call home.

We will be working on the watercourse of the North Branch of the Mill River, between Parker Street and Fox Road in Springfield. The day will involve trash and debris removal from the wooded area that lies between North Branch Parkway and Grayson Drive (see map).

The EDP2010 Command Center will be located in the access road across from Fox Rd., near Mary Lynch Elementary School.

What to Bring

- Lunch (if needed)
- Wear sturdy shoes / clothing
- Work gloves
- Rain Gear if needed
- Positive Attitude / Scout Spirit

There will be a brief planning meeting on Tuesday, April 20th at 7:00PM at Church in the Acres, located at 1383 Wilbraham Rd. in Springfield, MA. This is targeted towards unit and group leaders. If you can not make it, but are planning to assist on April 24th, please send an e-mail to:

earthday@scouting192.org
